O'Neil & Associates, Inc 937.865.0800

The July 2000 issue of *CIO* magazine, the highly acclaimed magazine for Chief Information Officers, compared the best business Web sites and voted Cummins Intercept, designed by O'Neil & Associates, among the 50 best. The Cummins Intercept program was selected along with 50 of the best Web sites out of hundreds of applicants.

This interactive Web-based application is a product information site for 2500 registered users to find service and repair procedures, along with technical illustrations, for all Cummins engines.
